

Panto Skills Workshops!

Thinking of bringing a school group?

Why not book one of our drama-based panto workshops to really make the most of your theatre visit?

Based on the traditions of pantomime, these lively sessions will explore the characters of the Rock 'n' Roll Panto and encourage students to create their own pantomime heroes and villains (Boo! Hiss!).

With strong links to literacy, students will practice theatrical and story-telling techniques linking to the elements of panto!

Rock 'n' Roll Panto Workshops can be delivered in our historic theatres or at your school. If delivery takes place at the theatre, a tour of the venue is included. Workshops can be tailored for any key stage; please let us know how we can best support your students.
